JAKUB SMIAROWSKI

FULLSTACK DEVELOPER

ABOUT ME

With experience in both startup environments and large corporations, I bring versatility and adaptability to my work in web development. I am highly motivated to learn and grow, which I view as essential in an evolving field. Known for taking ownership and delivering quality, maintainable solutions, I am committed to aligning my work with the company's goals. I thrive in collaborative environments, contributing to cross-functional teams by supporting the best ideas and working together to achieve shared success.
